Memorandum of Understanding (MoU) between the Catalan Society for Artificial Intelligence (ACIA) and the European Society for Fuzzy Logic and Technology (EUSFLAT) to pursue a deeper relationship and collaboration between their members.

The "Catalan Society for Artificial Intelligence" (hereinafter, ACIA) is a non-profit scientific society that aims to promote the development of Artificial Intelligence (AI) in Cataluña.

The European Society for Fuzzy Logic and Technology (hereinafter EUSFLAT) is a non-profit European society devoted to promoting and disseminating the methods, techniques and developments of Fuzzy Logic and related technologies. EUSFLAT was born in 1999 when the Spanish Society for Fuzzy Logic and Technology (hereinafter FLAT) moved from national to European level.

Both ACIA and FLAT had signed a Memorandum of Understanding (MoU) in 1997, which was inherited by EUSFLAT, resigned in 2010, and is to be updated with this new MoU. Both ACIA and EUSFLAT aim to establish relationships with other societies with similar scientific objectives, believing that the exchange of information enriches their respective disciplinary fields and stimulates scientific development in general.

To this end, ACIA and EUSFLAT hereby enter the following MoU, which includes the following actions:

1. Each Society will offer a 25% membership discount to those people who can prove they are members of the other society.
2. Each Society will offer at their official society conferences (respectively CCIA and EUSFLAT) registration fees identical to those set for their members, taking into account the specified discount if the membership fee is included in the conference registration fee.
3. This Agreement will be published on the websites of both Societies to promote information interchange and collaboration between the members of both Societies.
4. This Agreement shall remain in force indefinitely unless terminated by either party.
5. Termination by either party shall take effect 7 days after notice is given.

Date of signature: 6 November 2026
