Memorandum of Understanding (MoU) between the Taiwan Fuzzy Systems Association (TFSA) and the European Society for Fuzzy Logic and Technology (EUSFLAT), being both Societies part of the International Fuzzy Systems Association (IFSA), with the aim of pursuing a deeper relationship and collaboration between their members, as well as exploring the possibilities of joint research and academic endeavors.

The "Taiwan Fuzzy Systems Association" (hereinafter, TFSA) is a non-profit scientific society that aims to promote the development of fuzzy sets and systems in Taiwan.

The European Society for Fuzzy Logic and Technology (hereinafter, EUSFLAT) is a non-profit European society devoted to promoting and disseminating the methods, techniques and developments of Fuzzy Logic and related technologies.

Both TFSA and EUSFLAT aim to establish relationships with other associations with similar scientific objectives, believing that the exchange of information enriches their respective disciplinary fields and stimulates scientific development in general.

To this end, TFSA and EUSFLAT hereby enter the following MoU, which includes the following actions:

1. Each Society will offer at its official conference similar discounts to members from the other association than those offered for its own members.
2. Both Societies will promote future joint activities that might be of mutual interest for their members.
3. Each Society will make material available online and ask the other Society to include calls for advertising their events (i.e., conferences, schools, etc.) through their respective mail distribution lists and social media.
4. This MoU will be published on the websites of both Societies to promote information interchange and collaboration between the members of both Societies.
5. This MoU shall remain in force indefinitely unless terminated by either party.
6. Termination by either party shall take effect 7 days after notice is given.

Date of signature: 06 November 2026

Chia-Feng Juang
TFSA PRESIDENT

José María Alonso Moral
EUSFLAT PRESIDENT
